Industrial Pressure Washers  
...Built Right to Do the Job Right

# SLX-SLT

The Only Portable Hot Water Pressure Washer  
that Delivers 200°F Cleaning at up to 9.8 GPM

- Dual-Gun Ready
- Powered by Gasoline or Diesel; Diesel-Heated
- Belt-Drive Pump with 7-Year Warranty
- 3/4" Schedule 80 Coil

■ Extra-large **Heating Coil** made of cold-rolled, 3/4" Schedule 80 steel pipe with 5-year warranty; features **Stainless Steel Top Wrap**; unique lift-out design for easy and quick **Coil Access**.

■ Rugged 2" x 4" x 1/8" thick box steel frame, with compact footprint, shields key components; further protected by weather-resistant **Epoxy Powder Coat** finish; **Power Platform** is vibration isolated to minimize frame stress.

■ Water-resistant, recessed metal **Control Panel** has adjustable thermostat, combination hour meter and tachometer, volt meter, burner switch and tri-lingual operating instructions for added safety.

■ Industrial-duty **Tri-Plunger Pump** designed to run at low RPM for long life, 7-year warranty, with single-rail true-track **Pulley Adjustment**.

■ **Illustrated Warning Labels** universally understandable for liability protection.

■ 30-gallon diesel and 16-gallon gasoline **Fuel Tanks** (15-gallon diesel and 10-gallon gasoline on SLT) provide hours of uninterrupted operation; with elevated fuel lines to avoid suctioning of settled debris.

■ 50 ft. of double-wire braid **High Pressure Hose** rated for up to 6000 PSI and featuring a 24-inch safety hose guard for operator burst protection.

■ High-efficiency **Burner**, with adjustable numbered dial-in air flow has a **Fuel-Water Separator** for fuel pump protection.

■ Many **Safety Features**, including a rupture disk, thermal pump protector, flow switch, unloader valve, and safety lock on the trigger gun.

■ Corrosion-resistant **Float Tank** (field installed kit) has stainless steel inlet filter and 3/4" float valve with anti-siphon backflow protection; also allows for introduction of detergents in high-pressure mode.

■ Insulated, fatigue-free **Trigger Gun**, with swivel crimp fitting for a tangle-free hose. Stainless steel, dual-lance **Variable Pressure Wand** features an ergonomic design and easy adjusting of the water pressure while cleaning.

■ Adjustable **Detergent and Steam Valves** (field installed kits) provide precise metering of soap and on-demand wet-steam cleaning.

■ Gasoline-powered **Honda Engines**, or water-cooled, diesel-powered **Kubota Engines** all come with keyed electric starter for easy start-up and protection against unauthorized use; polyurethane **Battery Box** with vibration isolators protects and firmly secures battery (battery not included).

■ Efficient **2,900-Watt Generator** produces reliable power for burner.

**SLT8-32624E**

## WHY CHOOSE THE SLX or SLT

As large and powerful as they come, both series make easy work of the most stubborn grime and grease, making them ideally suited for the harsh conditions of mining and drilling operations and fleet cleaning. The SLX is the biggest portable pressure washer in the industry, capable of delivering water as hot as 200°F; with up to 9.9 GPM, there is enough flow to support dual-gun operation. The SLT is every bit as impressive, delivering up to 8.0 GPM and 3200 PSI of hot water cleaning. A distinctive stainless steel coil top wrap offers protection, and oversize vibration isolators cushion the engine and pump platform. With extra-large heating coils and fuel tanks, these rugged machines will deliver, even under the dirtiest of conditions!

### Field Installed Options & Accessories

- 8.920-751.0 Float Tank w/ Inlet Injection
- 8.904-456.0 Downstream Injector
- 8.920-977.0 Steam Valve

## DETERGENT FOR EVERY JOB

Landa Kärcher Group's innovative detergent lineup makes your cleaning job easier and faster. Phosphate-free to meet the most stringent environmental demands without sacrificing cleaning effectiveness. We'll match you with a product designed for your specific application.

## SPEED IT UP WITH ACCESSORIES

We offer a number of pressure washer accessories to reduce your cleaning time. Depending on your cleaning application, choose from items such as flat surface cleaners like the Water Jet, rotary nozzles, extension wands and more.

If you're cleaning long hours at a time, the EASY!Force trigger gun is an ideal and innovative solution to alleviate user fatigue. It's designed to use its own recoil force to hold the trigger down, which means you won't have sore hands after hours of use.

We also offer accessories designed to lengthen the life of your equipment, such as hose reels, which not only protect the high-pressure hose from damage, but help with storage when not in use.

Give us a call to learn which accessories are suitable to use with your pressure washer - and your application.
